Application Form

Instructions

Welcome to the City of Boulder Health Equity Fund Round Application. Please verify that the agency information above is correct and then move through the form to complete the questions below.

Please note:

- If you need to change the agency address or Executive Director/President/CEO's name, please contact Markisha at Key-HaganM@bouldercolorado.gov. It is the agency's responsibility to ensure all contact information is up to date.
- Any fields with an asterisk are required fields and must be completed prior to submitting an application.
- If you have previously completed an application in Foundant, you can use Foundant's "copy request" feature to help copy over previous answers and save time in completing the application. See the Copy Request Tutorial for more information.

If you feel that you are unable to complete this application effectively, please contact Markisha Key-Hagan at key-haganm@bouldercolorado.gov or 303-441-3146 for help.

Agency Assurances

Agency Assurances

Please indicate whether or not the agency complies with the following agency assurances. In the event of funding, your agency may have to provide proof of compliance. Funded agencies will be required to provide a valid certificate of insurance.

Americans with Disabilities Act*

Please type "**Comply**" in the text box below if your agency is in compliance with the **Americans with Disabilities Act**. Also see **Introduction to the Americans with Disabilities Act** for more information.

Comply

General Liability*

Please type "**Comply**" in the text box below if your agency currently has general liability insurance coverage (and will remain insured from Jan 1-Dec 2025, if you are funded). ***Mandatory for all agencies**

Comply

Workers' Compensation*

Please type **"Comply"** in the text box below if your agency currently provides **Workers' Compensation** (and will continue to do so from Jan 1-Dec 2025, if you are funded). ***Comply Required if the agency/program has one or more paid employees.**

Comply

Automobile Liability*

Please type **"Comply"** in the text box below if your agency currently has **Automobile Liability** insurance coverage (and will continue to do so from Jan 1-Dec 2025, if you are funded). ***Required if the agency/program operates automobiles as part of business/operation.**

Comply

Professional Liability

Please type **"Comply"** in the text box below if your agency currently has **Professional Liability** insurance coverage - **Insurance to indemnify the Board of Directors and Officers** - and will continue to do so from Jan 1-Dec 2025, if you are funded.

Comply

Amount Requested

Amount Requested*

Please indicate the amount you are requesting in this application from the City of Boulder for the 2025 Health Equity Fund Round. ****Please note: applications requesting less than \$10,000 will not be accepted.***

\$117,044.00

Agency Information

Please provide the following AGENCY information.

Agency Narrative*

Please provide a brief narrative description about your agency. Include, at a minimum:

- Agency purpose or mission statement
- Strategic agency goals
- Unique services provided by your agency, and/or how your agency complements the work of other local agencies
- Key populations served (1 sentence max)

Sober AF Entertainment (SAFE) creates substance-free events and support spaces that offer harm reduction and peer support services. Our mission is to foster safe, inclusive environments where individuals can enjoy social and cultural experiences without substance use, promoting recovery and a sober lifestyle.

Strategic Agency Goals

1. Expand Outreach and Impact: Increase substance-free events and sober support tents across Colorado and nationally, focusing on high-risk areas and underserved communities, including students.
2. Enhance Peer Support Programs: Train more peer support specialists to provide recovery support and harm reduction education, including on college campuses.
3. Strengthen Community Partnerships: Collaborate with local organizations, colleges, and event hosts to integrate our services and expand our reach.
4. Improve Data Collection & Reporting: Track program effectiveness, participant satisfaction, and areas for improvement.
5. Promote Sustainability: Secure diverse funding sources and implement budget management practices for long-term sustainability.

SAFE's services support recovery and promote sober living:

- Substance-Free Events: Host and manage substance-free zones at concerts, festivals, sports games, and community gatherings.
- Sober Support Tents: Offer recovery support, peer support, harm reduction education, and Naloxone kits (from CDPHE and other partnerships).
- Peer Support Specialist Training: Certified training programs approved by the Colorado Providers Association (COPA) equipping individuals with the skills needed to support others in their recovery journey.

- **Community Collaboration:** Work closely with local recovery organizations, healthcare providers, and educational institutions to enhance our services, ensure they meet community needs, and fill a critical gap in the continuum of care for individuals in recovery.

By providing substance-free environments and peer support at events and in social settings, we help reduce the stigma associated with sobriety and recovery. Our harm reduction services and educational initiatives align with the goals of public health agencies and campus health services, while our peer support training programs enhance the capacity of local organizations, including collegiate recovery communities (CRC), to provide effective recovery support. SAFE serves individuals in recovery, "sober curious" individuals, and those seeking substance-free social experiences.

Board of Directors (BOD) Table*

Please choose one of the following options to submit the required information about your agency's Board of Directors (BOD):

****If you are attaching your own BOD list, please make sure that it includes the following: Name, Position, City of Residence, Occupation and Employer Name, Term end Date and Years of Service.***

Upload your own BOD list

Board member name	Board position	Occupation and employer name	City of residence	Term end date and years of service (i.e. 8yrs.)

If you are attaching your own Board of Director's List, please do so here.

Please use the following format to name your document "2025 HEF [Agency name] [Board Table]"

2025 HEF Sober AF Entertainment Board Table.pdf

Agency Board and Staff Demographics

Please enter demographics for board and staff. Enter a "0" for all fields that do not apply.

The totals for each section auto-calculate when you click outside of the box. Section totals for each column should match (i.e., if you report 5 board or staff members in the race/ethnicity category, you need to report 5 in the gender category below)

Race/Ethnicity	Board	Staff
White/Caucasian (Non-Latino)	8	5
Hispanic/Latino	0	0
Black/African American	1	0
Native American/Alaska Native	1	0
Asian Pacific Islander	0	0
Mixed Race	1	1
Other	0	0

Unknown	0	0
Total	11	6

Gender Category	Board	Staff
Male	8	3
Female	3	3
Transgender	0	0
Prefer not to say	0	0
Non-Binary	0	0
Unknown	0	0
Other: Not reflected in this list	0	0
Total	11	6

Residence Category	Board	Staff
City of Boulder	4	3
Other cities in Boulder Co.	0	0
Unincorporated Boulder Co.	0	0

Other Colorado Counties	5	1
All other	2	2
Total	11	6

If a board or staff person speaks more than one language, please only count the language spoken other than English; otherwise, your section totals will not balance.

Language Spoken	Board	Staff
English Only	4	4
Spanish	4	1
Other language	3	1
Unknown	0	0
Total	11	6

Inclusive Board and Staff Practices*

Inclusivity and Equity: Describe how your agency creates, increases, implements and sustains diversity and inclusive practices throughout your organization, including among Board and Staff.

Sober AF Entertainment (SAFE) is committed to increasing and sustaining diversity, equity, and inclusion (DEI) at all organizational levels, as a diverse and inclusive environment enhances our effectiveness in serving the community. Our strategies include:

Diverse Hiring Practices

- Active Recruitment from diverse candidate pools, ensuring our staff and Board reflect the populations we serve.
- Inclusive Job Descriptions highlight our commitment to diversity and encourage applicants from all backgrounds, including lived experience in recovery.
- Blind Recruitment processes to minimize unconscious bias used where feasible.

Training and Development

- Cultural Competency & Anti-bias Training held regularly for Staff and Board members.

- Ongoing Education & Continuous Learning on equity, inclusion, and social justice keeps our team informed and engaged.

Inclusive Governance

- Our Board includes individuals from various ethnicities, genders, and professional and lived experience, ensuring diverse perspectives.
- We strive for Equitable Board Representation that reflects the demographic diversity of our communities.

Culturally Relevant Services

- We offer Multilingual Services & Materials and provide translation at events.
- Culturally Tailored Programs are designed to address the unique needs of different communities, collaborating with partners like McBride Impact and Tribe Recovery to support African American and Hispanic/Latino communities.

Community Engagement and Feedback

- ♣ Community Advisory Panels with diverse members provide input on our programs to ensure cultural appropriateness.
- ♣ Feedback Mechanisms (surveys, focus groups) gather insights from participants and community members about their experiences and needs.

Equitable Resource Allocation

- o Fair & Equitable Compensation ensured by regular salary structure review.
- Supportive Work Environment Policies promote work-life balance, mental health, overall wellbeing.

Partnerships and Collaborations

- Collaborative Initiatives with partner organizations serving specific populations expand our reach and impact.
- Resource Sharing & Best Practices enhance program inclusivity and effectiveness.

Evaluation and Accountability

- Regular Assessments of our DEI efforts to identify areas for improvement.
- Transparency & Stakeholder Reporting on our DEI progress and challenges.

These practices are embedded in our culture; we continuously adapt to better serve our community and support our mission of fostering safe, substance-free environments for all.

Agency Budget

Projected 2025 Agency Budget*

Please use this [template](#) to provide a *projection* of your agency's 2025 budget (projected revenue, expenses, and excess or shortfall) or upload your own. Name the template using the following format *"2025 HEF [Agency name] [Agency Budget]"* and attach using the "upload" button below. **Please enter a "0" in rows that do not apply.**

***If you do not have an approved budget for 2025, please include information from your most current draft.**

2025 HEF Sober AF Entertainment Budget Tables .xlsx

Agency Budget Narrative

Please include any additional information that will assist in the application reviewers' understanding of the agency's budget. For example, funding shortfall or excess, current or emerging challenges, etc.

Budget Allocation:

- Program Implementation: Supporting substance-free events, peer support; covers event coordination, marketing, supplies.

- Staff Compensation: Competitive salaries, benefits for staff, peer support specialists, coordinators.
- Training, Certification & Development: Ongoing for peer support specialists.
- Outreach & Community Engagement: Partnerships, educational campaigns.
- Administrative Costs: Essentials like office supplies, insurance.

Challenges:

- Budget Shortfall from increasing demand + rising costs.
- Resource Constraints impact event scope, staffing.

Strategies:

- Diversified Funding: Multiple sources (grants, donations, corporate sponsorships, fundraising events) for stability.
- Efficient Management: Cost-effective practices maximize impact.
- Community Support & Partnerships: Leveraging shared resources, volunteers.

SAFE ensures financial transparency; every dollar supports our mission of creating safe, substance-free environments and supporting individuals in recovery.

Agency Budget Narrative - Reserves*

If your agency has reserves, provide the amount, their purpose and explain the agency's policy for using reserves, If the agency does not have reserves or a reserves policy, please indicate so and why.

SAFE maintain at least 4 months reserves to cover payroll and taxes at a minimum.

Does your agency have a fiscal sponsor?*

No

Supporting Documents

Supporting Documents

Please upload the most recent agency financial audit, non-profit determination letter and year-end financial documents. If your agency has a fiscal sponsor, the financial documents uploaded should be for the fiscal sponsor agency. ***Please note, due to system constraints, you will only be allowed to upload one file per upload box.** If you have any issues combining your documents, please contact Markisha Key-Hagan key-haganm@boulder.colorado.gov.

Financial Audit*

Please upload the most recent agency financial audit. ****If you do not have this, please upload a memo stating why this request doesn't apply.***

Memo on Financial Audits for Sober AF Entertainment DBA SAFE.docx

Non-profit Determination Letter (proof of your organization's tax-exempt status)*

Please upload the agency's most recent non-profit determination letter [For example: 501(c)(3), 501(c)(4), etc. letter]. ****If you do not have this due to agency type (i.e., public/private educational agency, etc.) please upload a memo stating why this request doesn't apply.***

IRS Determination Letter.pdf

Year-End Financial Documents*

Please upload a copy of your agency's year-end financials (e.g. income/expenditure statement and balance sheet). **If you do not have this, please upload a memo stating why this request doesn't apply.*

12-2023 Financials -SoberAF.xlsx.pdf

Program Information

City of Boulder Health Equity Fund Outcomes*

Select **ONE** of the following City of Boulder Health Equity Fund Outcomes, that best reflects the proposal.

3. Increased understanding and use of health and wellness information and activities.

Program Narrative

Please provide the following **PROGRAM** information. *Feel free to use bullet points or any of the other formatting options to organize your information.*

**This narrative is required for EACH program applying for funds. If you are applying for more than one program, please go to the to the application page to complete a new application. *You will have the option to create a copy of this application to use as a base for the new application (see this ["copy request" tutorial](#)).*

Program Name*

You Got A Peer In Me

Program Goals*

Briefly describe the program goals for 2025.

"You Got A Peer In Me" seeks to enhance the Collegiate Recovery Program (CRC) at the University of Colorado Boulder, creating a supportive environment for students in recovery or choosing sobriety. This initiative builds on the successful model from Colorado Mesa University, focusing on peer support, harm reduction education, and substance-free social activities. Specific Goals:

1. Expand CRC at CU Boulder: Develop and implement growth strategies based on proven methods, including community engagement and resource allocation.
2. Host 8 Community-Led Events: Collaborate with CU Boulder students and staff to plan and execute 8 substance-free events, fostering community and support without substance use pressure.
3. Provide Sober Support Tents: Set up tents at each event offering recovery support, peer support, harm-reduction education, and free Naloxone kits through the CDPHE Bulk Fund.
4. Hire and Train Interns and Peer Support Specialists:
 - o Employ 2 student interns for program management and peer support experience, offering internship credit and compensation.

- o Certify 20-30 CU Boulder students as peer support specialists through SAFE's training program, approved by COPA. These students will provide peer support at events and on campus, working towards their 500-hour training requirement.
- 5. Enhance Data Collection and Evaluation: Use QR code-based forms to collect attendee feedback and impact metrics, aiding in program improvement and reporting for grant funders.
- 6. Promote Long-Term Sustainability: Develop a self-sustaining model for the CRC, building partnerships with university departments, local organizations, and stakeholders to ensure continued growth beyond initial funding.

Anticipated Outcomes:

- Increased student engagement in substance-free activities.
- Enhanced recovery support and harm-reduction education on campus.
- Improved mental and behavioral health outcomes for participants.
- Strengthened community and reduced stigma around sobriety.
- Comprehensive data collection and reporting for ongoing program improvement and accountability.

Since 2018, we have hosted 23 one-off events including CU Boulder students, 13 of them at CU. By achieving these goals with a comprehensive, student-focused program, "You Got A Peer In Me" aims to foster a vibrant, supportive community at CU Boulder that promotes health, wellness, and recovery sustainably and long-term.

Target Population*

Briefly describe the specific population served by the program (e.g., age, gender, race) and how this population is experiencing health disparities.

"You Got A Peer In Me" supports students at CU Boulder, including those in recovery, choosing sobriety, and those interested in substance-free social activities.

Target Population:

- **Age:** Primarily 18-25, but open to all enrolled students.
- **Gender:** Inclusive of all genders, including male, female, transgender, non-binary, and gender non-conforming.
- **Race & Ethnicity:** Serves a diverse student body, including African American, Hispanic/Latino, Asian, Native American, White/Caucasian, and other groups.

Health Disparities:

- **Substance Use Disorders:** Higher rates of mental health issues, stigma, and limited support services.
- **Mental Health:** Challenges like anxiety, depression, and stress, worsened by substance use or sobriety pressures.
- **Social Isolation & Stigma:** Difficulties engaging in social activities without substances.

Addressing these, "You Got A Peer In Me" aims to create a healthier, more inclusive campus environment that supports recovery and promotes overall well-being.

Program Description*

Please briefly describe the specific services that the program will provide, and the anticipated health benefits that will result from the program. Please identify what, if any historical or current inequities are being addressed, including but not limited to racism, and how the program addresses the root causes of these inequities.

Specific Services Provided:

1. Expansion of Collegiate Recovery Program (CRC): SAFE will collaborate with CU Boulder to design and implement strategies for growing the CRC, based on successful work with other universities.
2. Community Curated Events: SAFE will organize 8 substance-free events on campus, planned with CU Boulder students and staff, to provide fun, inclusive environments free from substance use pressures.
3. Sober Support Tents: At each event, SAFE will set up tents offering:
 - o Recovery Support: Provided by trained peer specialists.
 - o Peer Support Services: Empathetic, practical assistance.
 - o Harm Reduction Education: Including free Naloxone kits (CDPHE Bulk Fund).
4. Student Internships: 2 TBH student interns will gain hands-on experience in program management, peer support; will receive internship credit, compensation.
5. Peer Support Certification: SAFE will certify 20-30 CU Boulder students as peer support specialists through its COPA-approved training program, to provide support at events and on campus.
6. Data Collection & Program Evaluation: QR code-based forms will collect attendee feedback, info; guides program improvements, detailed reporting to funders.

Anticipated Health Benefits:

- Improved Mental & Behavioral Health: Substance-free activities reduce stress, anxiety, depression; enhance mental well-being.
- Enhanced Recovery Support: Peer support and recovery resources help students maintain sobriety.
- Increased Health & Wellness Knowledge: Harm reduction education and Naloxone training promote safer behaviors, overdose prevention.
- Strengthened Social Connections: Fostering community reduces isolation, stigma around sobriety.

Addressing Inequities:

- Historical & Current
 - o Racial & Ethnic Inequities: Collaborating with partners like McBride Impact and Tribe Recovery supports African American and Hispanic/Latino communities, ensuring cultural relevance.
 - o Social Stigma & Isolation: Creating substance-free spaces and promoting sobriety as positive challenges the stigma surrounding recovery.
 - o Access to Resources: Provides Naloxone kits and peer support training, addressing disparities in health and safety resources.
 - o Economic Barriers: Paid internships and compensated roles reduce financial strain, enabling full participation.
- Root Causes
 - o Educational Disparities: Incorporates harm reduction and recovery support to address knowledge gaps.
 - o Community Engagement: Involving students ensures the program meets community needs, empowers student leaders to support peers.

Needs Assessment*

Describe how the agency determined the needs of the target population to develop program services. What community assessments or factors were identified?

To develop "You Got A Peer In Me", our comprehensive needs assessment used various data collection methods and stakeholder engagements (2018-2024) to identify CU Boulder students' needs around recovery support, substance-free activities, and harm reduction education, and critical gaps addressing these needs.

Key Assessments and Identified Factors

1. **Primary Data**
 - o **Student Surveys:** Revealed a high demand for more substance-free social options, accessible recovery support.
 - o **Focus Groups:** Discussions with students in recovery and general students highlighted a strong need for peer support, harm reduction education, culturally relevant activities.
2. **Collaborations with Campus Partners**
 - o **Collegiate Recovery Program (CRC):** Feedback indicated a need for more structured peer support, greater visibility of recovery resources.
 - o **Health and Wellness Services:** Identified trends in high alcohol and drug use, alongside significant mental health issues like anxiety and depression, necessitating integrated support services.
3. **Analysis of Campus Health Data**
 - o **Health Reports:** Indicated high rates of substance use and mental health concerns, stressing the need for preventive measures and supportive environments.
4. **Consultation with National Recovery Organizations**
 - o **ARHE and Others:** Best practices from other universities were reviewed to ensure alignment with successful recovery and sobriety support strategies.
5. **Community Feedback and Input**
 - o **Local Organizations:** Input from Boulder County Public Health and local recovery groups helped tailor the program to meet community needs, complement existing services.
6. **Peer Support Training Needs**
 - o **Student Feedback:** Highlighted a desire for structured peer support training, leading to SAFE's collaboration with COPA to develop a certified Peer Recovery Specialist Training program.

Key Findings

- **High Demand for Substance-Free Social Options:** Students seek safe, enjoyable alternatives to traditional college parties.
- **Need for Accessible Recovery Support:** There's a critical need for on-campus recovery support services, including peer support and counseling.
- **Importance of Harm Reduction Education:** There's a lack of awareness about harm reduction strategies, underscoring the need for education on Naloxone and overdose prevention.
- **Desire for Peer Support Training:** Students are interested in supporting peers but need proper training and resources.
- **Cultural Relevance and Inclusion:** Programming must be culturally relevant and inclusive of CU Boulder's diverse student body.

Program Rationale*

Describe any evidence or other factors showing that this is an effective strategy for advancing health equity for the target population. How do you know the program is likely to achieve its goals?

Success of Similar Models

- **Colorado Mesa University (CMU):** SAFE's program at CMU successfully hosted 16 events, surpassing participation targets and demonstrating the efficacy of substance-free events and peer support. A similar positive impact can be achieved at CU Boulder.
- **National CRCs:** Supported by organizations like the Association of Recovery in Higher Education (ARHE), CRCs show that such programs enhance academic performance, retention rates, and overall well-being.

Peer Support as an Evidence-Based Practice

- **Research on Peer Support:** Studies indicate peer support services reduce relapse rates, improve mental health, and increase engagement in recovery. SAFE's training ensures CU Boulder students receive effective peer support.
- **Harm Reduction Education:** Evidence supports harm reduction strategies, including Naloxone distribution, in reducing overdose deaths and promoting safer practices. Including this education in the program equips students with vital knowledge.

Community Engagement and Collaboration

- **Collaborative Design:** Involving CU Boulder students and staff in event planning ensures the program meets student needs, enhancing relevance and engagement.
- **Local Partnerships:** Collaborations with local recovery organizations and health services strengthen the program by providing additional resources, expertise.

Data-Driven Approach

- **Robust Data Collection:** QR code-based forms allow SAFE to monitor and evaluate the program - track participation, gather feedback, make informed improvements.
- **Impact Metrics:** Metrics from the CMU program, including increased attendance and positive feedback, will guide expectations and measure progress at CU Boulder.

Addressing Root Causes of Inequities

- **Culturally Relevant Services:** Focus on inclusivity addresses historical and current inequities, promoting health equity and tailored support for diverse student backgrounds.
- **Economic Barriers:** Paid internships and compensated peer support roles alleviate financial barriers, ensuring broader participation.

Feedback and Adaptation

- **Continuous Improvement:** Regular feedback will drive program adaptation, maintaining effectiveness, relevance.
- **Scalability and Sustainability:** Designed for expansion and sustainability, the program aims to provide long-term benefits through strong partnerships, diverse funding.

Leveraging evidence-based practices and successful models, "You Got A Peer In Me" can effectively promote recovery, reduce substance use, and advance health equity at CU Boulder,

Outreach and Engagement*

Describe how the program reaches and serves the target population in a culturally relevant and responsive manner. Describe how the program will meaningfully engage clients or participants in the design, implementation and evaluation of the program.

Culturally Relevant Outreach Strategies

- **Multilingual Materials and Services:** Outreach materials and services are available in multiple languages, including Spanish. Translation services are provided at events to ensure accessibility.
- **Inclusive Marketing Campaigns:** Marketing efforts reflect CU Boulder's diverse student body, using culturally resonant imagery, language, messaging.

Partnerships with Campus and Community Organizations

- **Campus Collaborations:** Partnering with campus groups like the Cultural Unity and Engagement Center and LGBTQ+ Resource Center to reach diverse student groups and promote the program.
- **Community Partnerships:** Collaborating with local organizations such as McBride Impact and Tribe Recovery to enhance cultural relevance, extend outreach.

Utilizing Digital Platforms

- **Social Media Engagement:** SAFE uses Instagram, Facebook, and Twitter for event promotion and recovery advocacy, with interactive, engaging content.
- **Email Newsletters and Campus Communications:** Regular updates via email and campus channels keep students informed about events, involvement opportunities.

On-Campus Presence

- **Tabling and Information Booths:** Information booths in high-traffic campus areas provide direct engagement, program details.
- **Peer Ambassadors:** Trained peer support specialists actively engage with students, sharing their experiences and promoting program participation.

Engaging Clients in Design, Implementation, and Evaluation

- **Collaborative Event Planning:** Student-led planning committees ensure events meet student interests and needs. Feedback sessions allow for real-time adjustments.
- **Inclusive Program Implementation:** Diverse representation among staff and cultural competency training ensure effective engagement with all students.
- **Continuous Evaluation and Improvement:** Post-event surveys, focus groups, and advisory panels gather feedback for program refinement. Data-driven adjustments ensure the program addresses emerging needs.

Empowering Student Leaders

- **Peer Support Training:** Certifying students as peer support specialists enhances program relatability, effectiveness.
- **Leadership Opportunities:** Roles such as event coordinators and student ambassadors foster ownership, engagement.

Collaborative and adaptive, "You Got A Peer In Me" focuses on culturally relevant outreach and student involvement to ensure effectiveness and inclusivity. By actively engaging students in all aspects of the program, SAFE fosters a supportive, engaged, impactful campus community.

Program Evaluation*

Describe the program evaluation process. How is the evaluation designed and implemented? Describe how the evaluation findings will be used to improve program outcomes. Please also include how you will measure or evaluate the impact on the inequities identified in the Program Description.

Evaluation Design and Implementation

Evaluation Framework

- **Logic Model:** Utilizes a logic model to align inputs, activities, outputs, and outcomes with program goals.
- **SMART Objectives:** Sets Specific, Measurable, Achievable, Relevant, and Time-bound objectives for focused evaluation.

Data Collection Methods

- **QR Code-Based Surveys:** Real-time feedback collected via online surveys using QR codes at events, covering experiences, satisfaction, and impact.
- **Pre- and Post-Program Surveys:** Measures changes in knowledge, attitudes, and behaviors before and after program participation.
- **Attendance Tracking:** Monitors event attendance and peer support session participation.

- **Focus Groups and Interviews:** Provides qualitative insights through in-depth discussions with participants and staff.

Performance Indicators

- **Engagement Metrics:** Tracks events hosted, attendance, and participation in peer support training.
- **Behavioral Changes:** Assesses changes in substance use, engagement in substance-free activities, and harm reduction strategies.
- **Health Outcomes:** Evaluates improvements in mental and behavioral health.
- **Peer Support Effectiveness:** Measures effectiveness through participant feedback and recovery outcomes.

Utilizing Evaluation Findings

- **Continuous Improvement:** Regular review meetings with staff and stakeholders to adjust strategies based on trends and feedback.
- **Feedback Loop:** Keeps participants informed on how their feedback drives program improvements.
- **Reporting and Accountability:** Prepares comprehensive reports for funders and shares findings with the CU Boulder community for transparency.

Measuring Impact on Inequities

- **Tracking Demographic Data:** Collects participant demographics to ensure diverse group reach and address health disparities.
- **Equity Indicators:** Tracks access to resources and event inclusivity to evaluate the impact on reducing inequities.
- **Cultural Relevance:** Gathers feedback on cultural relevance and adjusts program content based on this input.
- **Outcome Disaggregation:** Analyzes data by demographic factors to identify impacts on various groups and develop targeted interventions.

"You Got A Peer In Me" uses a robust, data-driven evaluation approach to continuously enhance its effectiveness and address student needs, with a strong focus on advancing health equity and inclusivity.

Additional Information (OPTIONAL and NOT SCORED)

Please provide any additional information about the program that might add context/background for reviewers.

History and Evolution of SAFE

Founded in 2017, and hosting one-off events in Boulder and at CU since 2018, Sober AF Entertainment (SAFE) aims to provide substance-free social events and peer support for individuals in recovery. The organization has expanded its reach to multiple states, partnering with educational institutions and recovery groups. The "You Got A Peer In Me" program builds on the success of SAFE's model, particularly its initiative at Colorado Mesa University (CMU), to provide structure, education, and student peer certification that weave sober event spaces and peer support into the culture of campus.

Community and Institutional Support

SAFE has strong backing from CU Boulder's administration, including the Collegiate Recovery Program (CRC) and Health and Wellness Services. Local collaborations with Boulder County Public Health, McBride Impact, and Tribe Recovery enhance the program's ability to offer culturally relevant services.

Student-Led Initiatives

Designed to be student-driven, the program incorporates significant input from CU Boulder students in event planning and execution. Student interns and peer support specialists are integral, gaining experience and contributing to the program's impact.

Evidence-Based Approach

SAFE's programs are based on evidence-based practices for substance use prevention, harm reduction, and peer support. Continuous evaluation and adaptation, driven by data and feedback, ensure effectiveness and responsiveness to participant needs.

Holistic Support Framework

"You Got A Peer In Me" program offers a comprehensive support framework addressing mental health, social connections, and academic success. It integrates harm reduction education, recovery support, and peer-led activities to provide a broad range of resources.

Impact Beyond the Campus

While focused on CU Boulder, the program's benefits extend to the broader community by promoting recovery and substance-free lifestyles, contributing to public health and safety. The program's success can serve as a model for other universities and communities.

Future Expansion Plans

SAFE plans to expand "You Got A Peer In Me" to other campuses and communities, seeking additional funding and partnerships. The program's scalability makes it suitable for replication in diverse settings, furthering SAFE's mission nationwide.

Commitment to Diversity and Inclusion

The program's design continues SAFE's dedication to creating an inclusive environment for recovery support.

Program Demographics

In the following section, you will describe the projected number of unduplicated clients that the program will serve in 2025 based on funding requested. You will need the following information to complete this section:

- **Total Projected Clients Served by the Program**
- **Age of Clients**
- **Race and Ethnicity of Clients**
- **Gender of Clients**
- **Income Level of Clients**

Total Projected Clients Served by the Program

Provide a projection of how many UNDUPLICATED clients the program proposes to serve, if funded, in 2025. Please enter a "0" in rows that do not apply.

Projected Clients Served by the Program	City of Boulder	Non-City of Boulder
# of Unduplicated Clients	2400	0
Total	2400	0

Age of Clients

Provide age information for the proposed clients that the program will serve, if funded. Please enter a "0" in rows that do not apply.

Income Level of Clients

Provide income information for the proposed clients that the program will serve if funded. Please enter a "0" in rows that do not apply.

These income guidelines are based on the U.S. Dept. of Housing and Urban Development FY 2024. Median Family Income for Boulder County is \$148,400. A guide for calculations can be found at HUD Income Limits 2024.

Income Level	City of Boulder	Non-City of Boulder
Extremely Low-Income: Less than or equal to 30% Area Median Income (AMI)	0	0
Very Low-Income: 31% - 50% AMI	0	0
Low-Income: 51% - 80% AMI	0	0
Median Income: 81% - 100% AMI	0	0
Not Low-Income: Above 100% of AMI	0	0
Unknown	2400	0
Total	2400	0

Program Demographics Narrative*

Please include any additional information that will assist the application reviewers' understanding of the program's demographics. For example, if your agency uses a different metric for tracking income or is unable to track income, please note that here.

SAFE will track age, gender, race, ethnicity, and socioeconomic status - gender participation is unknown as yet; race/ethnicity estimates based on 2023 enrollment %.

We do not collect income data from students; its estimated using proxies like financial aid status to respect privacy. Students' personal income is variable, may not reflect socioeconomic status, and students often cannot quantify parent income.

"You Got A Peer In Me" is inclusive and designed to engage all students, with focus on underrepresented groups like students of color, LGBTQ+ students, and those from low-income backgrounds; students from any

background may not want to approach their parents on substance use issues.

SAFE uses QR code surveys for efficient data collection while maintaining HIPPA compliance.

Ongoing monitoring and feedback inform continuous improvement, adjusting data strategies to better serve diverse needs, address data gaps.

Transparent reporting to funders and stakeholders ensures accountability.

Funding Request Budget

Funding Request Budget

Program Budget*

Please use this **template** to provide your **projected** budget for this 2025 funding request (projected revenue, funding request expenditures, and excess or shortfall). **Name the template using the following format "2025 HEF [Agency name] [Program Budget]" and attach using the "upload" button below. Please enter "0" in rows that do not apply.**

2025 HEF Sober AF Entertainment Program Budget (3).xlsx

Program Budget Narrative*

Please include any additional program budget information such as explanations for excess or shortfall of revenues and expenses and any additional information that will assist application reviewers' understanding of the program's budget.

***If the program budget runs on a fiscal year other than Jan 1- Dec 1, please state that and include the fiscal year time frame.**

Revenue Sources

- **Grant Funding:** Primarily from City of Boulder Health Equity Fund, supplemented by state and national grants.
- **Donations and Sponsorships:** Contributions from individuals, businesses, corporate sponsors.
- **In-Kind Contributions:** Support from community organizations and the university, including venue space, marketing.

Key Expenses

- **Personnel Costs:** Salaries, benefits, and training for staff, peer support specialists.
- **Program Implementation:** Costs for 8 community events, sober support tents, harm reduction materials.
- **Administrative:** Office supplies, technology for data management, program tools.
- **Outreach and Marketing:** Costs for promotional materials, community engagement.

Budget Considerations

- **Funding Shortfall:** Contingency plans include prioritizing essential services, seeking additional funds.
- **Revenue Excess:** Any surplus reinvested to enhance services, expand outreach.

The budget is scalable and includes in-kind support, ensuring flexibility and comprehensive resource use

Is there a change in this year's funding request?*

(Please note that the total amount in grant funding available through the Health Equity Fund for 2025 will be equal to or less than it was for 2024.)

N/A - this is our first request for funding

Changes in Funding Request (If applicable)

If you answered "Yes" above, please explain why the program is asking for more or less funding than the prior year's request.

Are you applying for a multi-year grant?*

Minimum Eligibility Criteria for Multi-year Awards:

1. At least three consecutive years of HEF funding for the applying program prior to 2025 (that is, consecutive funding from 2022-24);
2. At least three consecutive years of on-time mid-year and end-of-year reporting; and
3. At least three consecutive years of demonstrated successful completion of outputs and advancement toward or achievement toward program outcomes.

No

Scope of Work

Scope of Work

In this section, you will complete a **Scope of Work** that will include the following information about your program:

- Activities & Outputs
- Timelines
- Partner(s)
- Outcomes
- Measurement Tool(s)

Please note:

**If awarded funds, the information you include here will be used to draft the contract for your program.*

**Agencies can utilize the 2019 Logic Model Tool Guide slides to help with filling out this Scope of Work section.*

**For City of Boulder multi-year applications, unless otherwise indicated we will assume that activities, outcomes, etc. will remain the same or similar for 2026 and 2027.*

**Feel free to use bullet points or any of the other formatting tools available, in each section, to organize your information.*

How many activities will your program have?*

Please choose the number of program activities you plan to include in this funding request. At least one is required. Five is the **maximum**.

5

Program Activity & Output(s)*

Describe the **FIRST** program activity and basic information about who will participate, and how. An activity is a brief statement describing a specific action that will help meet the program goals; for/with what target population; and where the activity will take place.

Example: *Host 12 1-hour strawberry-picking classes for an anticipated unduplicated 20 low-income City of Boulder senior residents ages 65+. Each Senior will take at least 6 classes. Classes will take place once per month at the YOLO Center.*

***Please ensure that the activity suggested in this section is directly related to the Health Equity Fund outcome that your agency provided under the Program Narrative section of this application.**

Design and implement strategies to expand the Collegiate Recovery Program (CRC) at CU Boulder, including community engagement, resource allocation, and increasing student participation. Target pop: CU Boulder students in recovery or choosing sobriety. Activities will take place on CU Boulder campus

Program Timeline*

Specific details on when the activity will take place, frequency and for what length of time.

Example: Classes will be held once per month beginning in January 2025, for a duration of one hour per class, throughout the grant period.

Strategic planning from January 2025 to March 2025. Implementation of expansion strategies from April 2025 to December 2025.

Program Partners*

Please list any organizations that you will work with to achieve program goals and what the responsibility of the program partners listed will be.

Example: Organization X will assist in teaching each of the strawberry-picking classes, and will provide educational materials to class participants.

- CU Boulder Collegiate Recovery Program (CRC): Collaborate on program design and implementation.
- CU Boulder Health and Wellness Services: Provide support for health and wellness initiatives and integration with campus resources. Aligns with their current services, providing more pathways to healthcare for students in recovery or choosing sobriety.

Program Outcome(s)*

Outcomes are brief descriptive statements that measure the positive change that will occur because of program activities.

Example:

- *85% of class participants will report an increase in knowledge of strawberry-picking techniques as a healthy living skill.*
- *90% of class participants will report an increased consumption of strawberries as part of an overall plan for better nutrition.*

***Short-term outcomes are required.**

****Outcomes should show progress toward, or fulfillment of the goals provided in the Program Narrative. Program outcomes should be based on the HEF outcome that you chose above.**

- 30% increase in CRC membership and participation.
- Improved student awareness and utilization of CRC resources and campus health resources.

Measurement Tool(s)*

Describe the tools or methods you will use to determine the success of the activity. How will you show that the outcomes were achieved?

Example: Program staff will track class participation with attendance sheets and will conduct pre- and post-program participant surveys including questions about personal health impacts and behavior changes resulting from classes.

- Attendance records at CRC events and meetings.
- Pre- and post-program surveys to assess changes in student awareness and participation.
- Focus group feedback from CRC members and participants.

Other Information about the Activity (Optional)

Feel free to share any additional information about the anticipated results of this activity.

This activity leverages successful strategies from the CMU program and adapts them to the CU Boulder context, ensuring relevance and effectiveness. The expansion is expected to create a more supportive environment for students in recovery, enhancing their academic and personal success.

Activity #2

Program Activity & Output(s) #2*

Describe the **FIRST** program activity and basic information about who will participate, and how. An activity is a brief statement describing a specific action that will help meet the program goals; for/with what target population; and where the activity will take place.

Example: Host 12 1-hour strawberry-picking classes for an anticipated unduplicated 20 low-income City of Boulder senior residents ages 65+. Each Senior will take at least 6 classes. Classes will take place once per month at the YOLO Center.

***Please ensure that the activity suggested in this section is directly related to the Health Equity Fund outcome that your agency provided under the Program Narrative section of this application.**

Curate, market, and execute 8 community-led events on the CU Boulder campus, designed to provide enjoyable social experiences without the pressure of substance use. Target pop: CU Boulder students. Activities will take place on various locations across the CU Boulder campus.

Program Timeline #2*

Specific details on when the activity will take place, frequency and for what length of time.

*Example: Classes will be held once per month beginning in January 2025, for a duration of one hour per class, throughout the grant period. ***Feel free to copy and paste what you wrote for a previous activity if it follows the same timeline.***

Event planning from January 2025 to May 2025. Execution of events from June 2025 to December 2025.

Program Partners #2*

Please list any organizations that you will work with to achieve program goals and what the responsibility of the program partners listed will be.

Example: Organization X will assist in teaching each of the strawberry-picking classes, and will provide educational materials to class participants.

- CU Boulder Student Organizations: Collaborate on event planning and execution, market to membership for students potentially interested in training and certification as peer support specialists, and/or as program interns (among other outreach to attract certification or internship participants).
- Local Community Groups: Provide support and resources for event activities.

Program Outcome(s) #2*

Outcomes are brief descriptive statements that measure the positive change that will occur because of program activities.

Example:

- *85% of class participants will report an increase in knowledge of strawberry-picking techniques as a healthy living skill.*
- *90% of class participants will report an increased consumption of strawberries as part of an overall plan for better nutrition.*

****Short-term outcomes are required.***

*****Outcomes should show progress toward, or fulfillment of the goals provided in the Program Narrative. Program outcomes should be based on the HEF outcome that you chose above.***

******Feel free to copy and paste what you wrote for a previous activity (in any of the SOW sections above) if this activity contributes to the same outcome.***

- 500 students participate in substance-free events.
- 90% of participants report positive experiences and willingness to attend future events.

Measurement Tool(s) #2*

Describe the tools or methods you will use to determine the success of the activity. How will you show that the outcomes were achieved?

Example: Program staff will track class participation with attendance sheets and will conduct pre- and post-program participant surveys including questions about personal health impacts and behavior changes resulting from classes.

- Event attendance records.
- Post-event surveys to gather participant feedback and assess event impact.
- Feedback forms for detailed insights into participant experiences and suggestions for improvement.

Other Information about the Activity (Optional) #2

Feel free to share any additional information about the anticipated results of this activity.

These events will include a variety of activities, such as concerts, movie nights, fitness events, and cultural celebrations, ensuring broad appeal and engagement across the student body. Each event will be designed with input from students to ensure relevance and inclusivity.

Activity #3

Program Activity & Output(s) #3*

Describe the **FIRST** program activity and basic information about who will participate, and how. An activity is a brief statement describing a specific action that will help meet the program goals; for/with what target population; and where the activity will take place.

Example: Host 12 1-hour strawberry-picking classes for an anticipated unduplicated 20 low-income City of Boulder senior residents ages 65+. Each Senior will take at least 6 classes. Classes will take place once per month at the YOLO Center.

***Please ensure that the activity suggested in this section is directly related to the Health Equity Fund outcome that your agency provided under the Program Narrative section of this application.**

Set up sober support tents at 8 community-led events, offering recovery support, peer support, and harm reduction education, including the distribution of Naloxone kits. Target population: CU Boulder students attending the events. Activities will take place at various event locations on CU campus.

Program Timeline #3*

Specific details on when the activity will take place, frequency and for what length of time.

*Example: Classes will be held once per month beginning in January 2025, for a duration of one hour per class, throughout the grant period. ***Feel free to copy and paste what you wrote for a previous activity if it follows the same timeline.***

Sober support tents will be set up and staffed during each of the 8 events, from June 2025 to December 2025.

Program Partners #3*

Please list any organizations that you will work with to achieve program goals and what the responsibility of the program partners listed will be.

Example: Organization X will assist in teaching each of the strawberry-picking classes, and will provide educational materials to class participants.

- Colorado Department of Public Health and Environment (CDPHE): Provide Naloxone kits and harm reduction materials (SAFE already partners with CDPHE on Naloxone kit provision and distribution).
- Trained Peer Support Specialists: Staff the tents and offer recovery and peer support services.
- CU Boulder Health and Wellness Services: Assist with harm reduction education and resource provision.

Program Outcome(s) #3*

Outcomes are brief descriptive statements that measure the positive change that will occur because of program activities.

Example:

- *85% of class participants will report an increase in knowledge of strawberry-picking techniques as a healthy living skill.*

- 90% of class participants will report an increased consumption of strawberries as part of an overall plan for better nutrition.

***Short-term outcomes are required.**

****Outcomes should show progress toward, or fulfillment of the goals provided in the Program Narrative. Program outcomes should be based on the HEF outcome that you chose above.**

**** *Feel free to copy and paste any program outcome you wrote for a previous activity (in any of the SOW sections above) if this activity contributes to the same outcome.**

Distribution of 500 Naloxone kits.

100 peer interactions at each event.

70% of participants report increased knowledge of harm reduction practices.

Measurement Tool(s) #3*

Describe the tools or methods you will use to determine the success of the activity. How will you show that the outcomes were achieved?

Example: Program staff will track class participation with attendance sheets and will conduct pre- and post-program participant surveys including questions about personal health impacts and behavior changes resulting from classes.

- Naloxone distribution logs to track the number of kits distributed.
- Peer interaction records to document the number of support interactions.
- Pre- and post-intervention surveys to assess changes in participants' knowledge and understanding of harm reduction practices.

Other Information about the Activity (Optional) #3

Feel free to share any additional information about the anticipated results of this activity.

The sober support tents will serve as a safe space for students to seek support, information, and resources. This activity aims to enhance the overall safety and well-being of event attendees, reduce the risk of substance-related harm, and promote a supportive community environment.

Activity #4

Program Activity & Output(s) #4*

Describe the **FIRST** program activity and basic information about who will participate, and how. An activity is a brief statement describing a specific action that will help meet the program goals; for/with what target population; and where the activity will take place.

Example: Host 12 1-hour strawberry-picking classes for an anticipated unduplicated 20 low-income City of Boulder senior residents ages 65+. Each Senior will take at least 6 classes. Classes will take place once per month at the YOLO Center.

***Please ensure that the activity suggested in this section is directly related to the Health Equity Fund outcome that your agency provided under the Program Narrative section of this application.**

Hire and train 2 student interns and certify 20-30 CU Boulder students as peer support specialists through SAFE's Peer Recovery Specialist Training program, approved by COPA. Target pop: CU Boulder students. Activities will take place on the CU Boulder campus and through online training modules.

Program Timeline #4*

Specific details on when the activity will take place, frequency and for what length of time.

*Example: Classes will be held once per month beginning in January 2025, for a duration of one hour per class, throughout the grant period. ***Feel free to copy and paste what you wrote for a previous activity if it follows the same timeline.***

Internship recruitment from January 2025 to February 2025. Training and certification from March 2025 to June 2025. Ongoing support from July 2025 to December 2025.

Program Partners #4*

Please list any organizations that you will work with to achieve program goals and what the responsibility of the program partners listed will be.

Example: Organization X will assist in teaching each of the strawberry-picking classes, and will provide educational materials to class participants.

- Colorado Providers Association (COPA): Provide certification and training materials for the Peer Recovery Specialist Training program.
- CU Boulder Career Services: Assist in recruiting student interns and providing career development resources.
- CU Boulder Student Organizations: While collaborating on event planning and execution, market to membership for students potentially interested in training and certification as peer support specialists, and/or as program interns.

Program Outcome(s) #4*

Outcomes are brief descriptive statements that measure the positive change that will occur because of program activities.

Example:

- *85% of class participants will report an increase in knowledge of strawberry-picking techniques as a healthy living skill.*
- *90% of class participants will report an increased consumption of strawberries as part of an overall plan for better nutrition.*

***Short-term outcomes are required.**

****Outcomes should show progress toward, or fulfillment of the goals provided in the Program Narrative. *Program outcomes should be based on the HEF outcome that you chose above.***

*****Feel free to copy and paste what you wrote for a previous activity (in any of the SOW sections above) if this activity contributes to the same outcome.**

- 2 student interns hired and trained.
- 20-30 students certified as peer support specialists.
- Increased student engagement in peer support roles.

Measurement Tool(s) #4*

Describe the tools or methods you will use to determine the success of the activity. How will you show that the outcomes were achieved?

Example: Program staff will track class participation with attendance sheets and will conduct pre- and post-program participant surveys including questions about personal health impacts and behavior changes resulting from classes.

- Internship and training completion records.
- Pre- and post-training assessments to measure knowledge and skill acquisition.
- Feedback from interns and peer support specialists on their experiences and outcomes.

Other Information about the Activity (Optional)*

Feel free to share any additional information about the anticipated results of this activity.

By offering paid internships and peer support training, this activity not only provides valuable experience and certification for students but also strengthens the support network available to CU Boulder students in recovery. The involvement of trained peer support specialists enhances the program's ability to provide empathetic and effective support.

Activity #5

Program Activity & Output(s) #5*

Describe the **FIRST** program activity and basic information about who will participate, and how. An activity is a brief statement describing a specific action that will help meet the program goals; for/with what target population; and where the activity will take place.

Example: Host 12 1-hour strawberry-picking classes for an anticipated unduplicated 20 low-income City of Boulder senior residents ages 65+. Each Senior will take at least 6 classes. Classes will take place once per month at the YOLO Center.

***Please ensure that the activity suggested in this section is directly related to the Health Equity Fund outcome that your agency provided under the Program Narrative section of this application.**

Implement QR code-based data collection forms at events to gather attendee information and feedback, enabling continuous program improvement and thorough reporting. Target pop: CU Boulder students participating in events. Activities will take place at various event locations on CU Boulder campus.

Program Timeline #5*

Specific details on when the activity will take place, frequency and for what length of time.

*Example: Classes will be held once per month beginning in January 2025, for a duration of one hour per class, throughout the grant period. ***Feel free to copy and paste what you wrote for a previous activity if it follows the same timeline.***

Data collection setup from January 2025 to February 2025. Ongoing data collection from March 2025 to December 2025.

Program Partners #5*

Please list any organizations that you will work with to achieve program goals and what the responsibility of the program partners listed will be.

Example: Organization X will assist in teaching each of the strawberry-picking classes, and will provide educational materials to class participants.

- CU Boulder IT Services: Assist with the setup and maintenance of QR code systems and data collection infrastructure. Minimal upfront work to help ensure long-term use.
- External Evaluation Consultants: Provide expertise in data analysis and program evaluation.

Program Outcome(s) #5*

Outcomes are brief descriptive statements that measure the positive change that will occur because of program activities.

Example:

- *85% of class participants will report an increase in knowledge of strawberry-picking techniques as a healthy living skill.*
- *90% of class participants will report an increased consumption of strawberries as part of an overall plan for better nutrition.*

***Short-term outcomes are required.**

****Outcomes should show progress toward, or fulfillment of the goals provided in the Program Narrative. *Program outcomes should be based on the HEF outcome that you chose above.***

*****Feel free to copy and paste what you wrote for a previous activity (in any of the SOW sections above) if this activity contributes to the same outcome.**

- Comprehensive data on event participation and program impact collected.
- Data-driven program improvements implemented.
- Increased accountability and transparency in program reporting.

Measurement Tool(s) #5*

Describe the tools or methods you will use to determine the success of the activity. How will you show that the outcomes were achieved?

Example: Program staff will track class participation with attendance sheets and will conduct pre- and post-program participant surveys including questions about personal health impacts and behavior changes resulting from classes.

QR code-based surveys to collect participant information and feedback.

Data analysis software to process and analyze collected data.

Evaluation reports summarizing findings and recommendations for program improvements.

Other Information about the Activity (Optional)

Feel free to share any additional information about the anticipated results of this activity.

The use of QR code-based data collection ensures efficient and accurate gathering of participant information, enabling SAFE to make informed decisions and continuously enhance the program's effectiveness. This activity supports the overall goal of promoting health and wellness by ensuring that the program is responsive to student needs and preferences.

Letter(s) of Support

Letters of Support (Program)

Please upload any letters of support about this **PROGRAM** grant request. If you would like to attach more than one letter, you will need to combine it into **ONE** document before attaching. **(OPTIONAL)**

Memo on Financial Audits for Sober AF Entertainment DBA SAFE

SAFE runs a very lean budget, with a small full-time staff. Our Third-Party contracted Accountant provides independent, reviewed annual financial reports from a CPA using analytical procedures and following generally accepted accounting principles (GAAP).

Under the tab for Year End Financial Documents, we have uploaded these for the most recently completed fiscal year, 2023. These documents are available for each year going back to 2019, upon request.

Yes

Addendum Applies:
No

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Daniel "Duke" Rumely
Executive Director, Sober AF Entertainment (S.A.F.E.)
485 2nd Ave #4204
Longmont, CO 80501

S.A.F.E has worked with the CU Collegiate Recovery Community (CUCRC) on 13 one-off sober events hosted by S.A.F.E as part of larger events held at CU Boulder (usually at Folsom Field, as part of athletic or music events), as well as other S.A.F.E events in Boulder that had student participation.

CUCRC provides community, support and connection for students, faculty and staff in recovery or seeking recovery from a wide range of behaviors. Their mission - to help develop peer-to-peer connections, support resiliency and contribute to their overall well-being through a welcoming and supportive community - aligns with S.A.F.E's mission, and with the goals of our "You Got A Peer In Me" program, ultimately bringing integral student involvement in peer support, recovery and substance-free social space creation into regular and accepted use as part of the campus culture at CU Boulder.

CUCRC Letter of Support is under review per CU grant-support standards, and we will provide it as soon as it is available.

Below we have included the letter of support for our similar program being hosted in Mesa County where we are currently piloting the program at Colorado Mesa University with their Collegiate Recovery Community.

10/17/23

Daniel "Duke" Rumely

Executive Director, Sober AF Entertainment (S.A.F.E)

485 2nd Ave #4204

Longmont, CO 80501

Re: Letter of Commitment to S.A.F.E's "S.A.F.E's CMU Peer Recovery & Prevention Initiative" Program for Mesa County Opioid Crisis Recovery Fund Grant.

Dear Mr. Rumely:

I am writing to express our commitment for S.A.F.E's "S.A.F.E's CMU Peer Recovery & Prevention Initiative" grant application to the Mesa County Opioid Crisis Recovery Fund Grant.

Sober AF Entertainment (S.A.F.E) is a nonprofit that is building a national substance-free movement & community. They provide education and outreach in rural areas & mainstream entertainment to increase skills and awareness around harm reduction & sober support services, resources, events, and culture.

(CONTINUE TO NEXT PAGE FOR SUPPORT DETAILS)

Colorado Mesa University (CMU) will provide the following support in conjunction with the proposal submitted by S.A.F.E:

1. Partner with S.A.F.E on **8 events** during the first year grant program, which will be extended if S.A.F.E is awarded the 2 year extension by Mesa County.
2. At each event hosted by S.A.F.E, we will provide them locations on campus or alongside high student engagement events on campus, e.g. Student Orientation.
3. Allow S.A.F.E to create job opportunities on Handshake to employ:
 - 2 College Interns (S.A.F.E Rate: 10/hr per week @ 20/hr)
4. At each event hosted by S.A.F.E, we will provide them students & faculty from various departments/clubs:
 - 2 Event Leads to help manage each event (S.A.F.E Rate: 2 Leads working 3/hr per event @ 20/hr)
 - 4 Event Peer Care Coordinators from the Psych Club or Social Work Club to provide peer specialist at each event (S.A.F.E Rate: 4 Peers working 3/hr per event @ 20/hr)
 - 1 Faculty Member serving as the Event Care Counselor to lead naloxone training & distribution of S.A.F.E's naloxone kits at each event (S.A.F.E Rate: 1 Care Counselor working 1/hr per event @ 80/hr)
5. We will work with S.A.F.E to help connect them with additional support on campus from the following groups at a negotiated rate:
 - Audio Club to help set up speakers & silent disco
 - Design Club to create 8 fliers + 2 t-shirt designs + print 25 fliers per events (200 total)
 - Music Club to find interested student DJs for events / silent discos
 - And Sober Minded to grow the future of the program.
6. We will also help refine the model with S.A.F.E to create revisions based on feedback of faculty and students in order to make a sustainable program that can continue to grow with S.A.F.E's support.

(CONTINUE TO NEXT PAGE FOR SIGNATOR DETAILS)

We will work collaboratively with S.A.F.E to ensure our goals are aligned with the goals of the grant proposal, including efforts to track and report on outcomes. We believe our support and commitment will significantly improve the availability of harm-reduction / sober services. We look forward to working with you on this exciting endeavor.

We wish you luck on your application.

Sincerely,

Anna Lee Walker, LPC LAC
