Portal Instructions

Before beginning your application, please review our current [Call for Proposals](#) and read about our funding priorities, application process and tips, and deadlines at caring4denver.org/grants.

If you prefer to view the questions and compose your responses in Word then copy and paste into this request form, you may download a Word version of the form by clicking [here](#).

Tips for completing this request form:

- Use the Table of Contents to quickly advance to a particular section.
- All fields in bold lettering are required.
- We have tried to provide enough characters for each question so you can answer as you need to, but don't feel like you have to use all of the available characters. If characters seem especially limited for some of the questions, it's because we really are seeking very brief responses for those (many of these will appear in public documents).
- If there are questions for which you wanted to provide more information, there is a question at the end that you may use ("What else would you like us to know that was not addressed in the other questions?").
- Click on a section's arrow to expand or collapse that section.
- Print a copy of this form by first selecting the **Save and Close** button (if in Edit mode) at the bottom right corner of the form, then select the **Print** icon at the top right .
- Click the **Save and Continue** often at the bottom right corner of the form (Click **Edit** at the top right corner to re-open the form).
- When you have completed your application, carefully review your entries and click **Submit** at the bottom right corner.
- If you need to make edits to a request already submitted please contact us.
- During our review process, we may contact you if edits are necessary or if additional information is needed. An email notification will be sent to your Primary Contact.
- **To edit a draft, respond to a revision request or request for additional information, select the **Edit** button at the top right.**

Drafts that have not been submitted prior to the current deadline will be deleted after the deadline.

Please note that Caring for Denver Foundation staff may edit your original responses for presentation in public documents.

If you need assistance or have questions about our available funding or the application process, please reach out to Grants and Operations Manager, Tish Gonzales, at grants@caring4denver.org or 720.647.6375. Email is the quickest option. You may schedule a phone call or video meeting if you'd like.

▼ Organization Information

Provide the name of your organization and your organization's points of contact below. For organizations/projects with a fiscal sponsor, the Primary Signatory is the person who has signing authority at the fiscal sponsor organization.

For organizations/projects with a fiscal sponsor, use your organization/project name here. We will collect information about your fiscal sponsor below.

Organization: Sober AF Entertainment

Confirm Organization's Tax ID/Employer Identification Number (EIN): 83-0685262

Format your EIN with a dash after the first two digits (e.g., 12-3456789).

*For organizations/projects with a fiscal sponsor, use **your** organization's tax ID here. If you do not have a tax ID, use your fiscal sponsor's tax ID (if you don't have one yet, enter "TBD" here).*

Would this grant funding support a City and County of Denver or other government entity/department? No
Organizations that are not considered a government entity, answer "no" to this question.

Organization's Current Operating Budget: \$133,180.18

Primary Contact: Daniel Rumely

Primary Signatory: Daniel Rumely

Project Manager (If the organization has one person who oversees all grant projects, include that contact here.): Daniel Rumely

Secondary Contact: Daniel Rumely

Board Members:

Jay Voigt (Chairman)
Duke Rumely (Executive Director)
Buck Rumely (Secretary)
Deni Carise
Robert Valuck
Ben Cort
Matthew Marchand
Rup Kapadia

This field will appear in public documents.

Your Organization's Story:

Sober AF Entertainment's mission is to create safe and inclusive environments for individuals in recovery and those who choose to live a sober lifestyle. By promoting and hosting sober sections at mainstream events, we aim to reduce the stigma associated with sobriety and offer a supportive community for those seeking connection without the influence of substances. Beyond events, SAFE is dedicated to providing resources and education centered on peer support and harm-reduction initiatives. We empower individuals to celebrate life and enjoy memorable experiences without the need for alcohol or drugs. Our commitment extends to bridging

This field will appear in public documents and is intended to be concise.

How many years of funding are you requesting? 3 years

What amount of funding are you requesting? Please round to the nearest dollar (do not include cents).

Caring for Denver generally prefers that our grant funds not exceed 1/3 of an organization's budget as it can create issues with the IRS and threaten an organization's nonprofit status (sometimes referred to as "tipping"). We encourage applicants to develop diversified funding streams comprised of individual, government and private funding sources for projects and programs.

Ensure that the amount(s) requested here match the amount(s) requested on your Line-Item Budget Form and Budget Narrative document.

Amount Requested Year 1: \$39,902.00

Amount Requested Year 2 (enter 0 if not applicable): \$39,902.00

Amount Requested Year 3 (enter 0 if not applicable): \$39,902.00

Total Amount Requested (Include the total amount for all years): \$119,706.00

Total Amount Requested must equal Year 1 + Year 2 + Year 3.

Total Amount Requested - Calculated (for staff use): \$119,706.00

Funding Request Type: Program or Project Support

Please note that we are only accepting requests for program/project support (not general operating support or support for facilities) at this time.

Non-Supplanting of Funds

Caring for Denver Foundation's founding ordinance prohibits us from using our grant dollars to *supplant* existing funds. Grant recipients may not replace existing federal, state, city or other local agency funds with funds from Caring for Denver. However, funds may be used to *supplement* existing funds to replicate or expand the scope of an existing program or project.

Do you receive federal, state, City of Denver, or other local agency funds (including contracts, grants, and reimbursements) for this work? No

Geographic Area Served

Use this tool to locate the Denver City Council districts you serve <https://www.denvergov.org/maps/map/councildistricts>. This needs to reflect the geographic areas served, not where your office is located. Select one or more. If you serve the entire city, select Denver Citywide and no other districts. If you primarily serve specific districts, select those districts and not Denver Citywide.

City Council District 3

This field will appear in public documents.

Shared Impact Goals

Please review the Shared Impact Goals outlined in the current **Call for Proposals** document. Select the one(s) you intend to address with the project/program you are proposing in this application. If your grant is approved, we will work with you to identify how you will measure toward the goal(s) you choose.

Reduce substance misuse (including maintaining healthy relationship with substances), Improve or maintain mental health (including reducing harm to self and others), Increase equity in mental health and substance misuse outcomes

This field will appear in public documents.

Brief Need Statement:

The college experience is often synonymous with newfound freedoms, exploration, and unfortunately, exposure to substance use. Recognizing the unique challenges and pressures faced by students, Sober AF Entertainment (SAFE) proposes a series of 24 sober events/tailgates at MSU Denver alongside our partners, Auraria Recovery Community (ARC). Drawing from our past successes at football tailgates & student organization led events, these events will not only offer an alternative entertainment option, but also serve as a platform for vital prevention and education efforts.

This field will appear in public documents and is intended to be concise.

The Problem:

The college years are formative, filled with challenges and opportunities. At SAFE, we believe in harnessing these opportunities to create lasting change. Our series of sober events at MSU Denver is not just about providing an alternative entertainment option; it's about reshaping perceptions, equipping students with vital knowledge, and fostering a sense of community and support. With the Prevention and Education funding, we can make these tailgates a beacon of hope, fun, and education, ensuring that the students of MSU Denver are well-equipped to make informed choices about their well-being.

Project/Program Description:

Our Programs will consist of:

1. Sober Tailgates at MSU Denver Events/Football Games:

To provide a fun, engaging, and substance-free environment for students during events/football games, promoting the idea that enjoyment and sobriety can coexist.

SAFE will organize 2 tailgates at MSU Denver's football games & 6 student led events. These events will feature music, games, and food, ensuring students have a memorable experience without the influence of alcohol or drugs. Our past events have seen enthusiastic participation, and we anticipate even greater turnout with continued efforts.

By offering these substance-free events, we aim to challenge the prevailing norms around college drinking and partying, providing students with a safe and enjoyable alternative.

2. Peer Support and Harm Reduction Workshops:

To educate students about harm reduction, safe substance use, and the benefits of peer support. At each event/tailgate, SAFE will collaborate with local community partners to facilitate workshops and training sessions. Peer support specialists will share their experiences, offering guidance and support to students.

Additionally, harm-reduction resources, including naloxone kits, will be distributed. Training sessions on the use of naloxone and recognizing signs of an overdose will also be conducted.

Through these workshops, students will be equipped with life-saving knowledge and tools. The presence of peer support specialists will also emphasize the importance of community and shared experiences in prevention efforts.

3. Community Collaboration:

To foster a sense of collective responsibility and action against substance misuse, SAFE will partner with local organizations, health professionals, and university departments to ensure the tailgates are holistic in their approach. These collaborations will enhance the quality of resources provided and ensure a wider reach.

Each event will last approximately 3-4 hours, each tailgate encompassing the pre-game tailgate, game duration, and a brief post-game period. Workshops and speaker sessions will be conducted prior to kick-off at each tailgate or beginning of each student led event. Each workshop will last approximately 1 hour, allowing for comprehensive coverage of topics by speakers while retaining student engagement. Training sessions on the use of naloxone and recognizing signs of an overdose will be conducted during each tailgate event and will last approximately 10-15 minutes.

There will be a total of 24 events, strategically scheduled to coincide with MSU Denver's home football games & student academic schedule throughout the school year. This ensures consistent engagement with students and maximizes the program's impact.

By bringing together various stakeholders, we aim to create a unified front against substance misuse, emphasizing the role of community in prevention and support.

Intended Changes:

Please describe the expected outcome of this program Outcomes:

1. Increased Awareness and Education:

Students will gain a deeper understanding of the risks associated with substance misuse, particularly opioids, and the benefits of choosing sober recreational activities. Students will get an enhanced knowledge about harm reduction strategies and the importance of peer support in preventing substance misuse.

2. Skill Development:

A significant number of students will be trained in recognizing signs of an opioid overdose and will be equipped with the skills to administer naloxone, potentially saving lives. Students will develop peer support skills, enabling them to assist and guide their peers towards healthier choices.

3. Promotion of Sober Recreation:

By hosting sober events, the program will demonstrate that fun and engaging recreational activities can be enjoyed without the influence of substances, challenging the prevailing norms around college drinking and drug use.

4. Strengthened Community Ties:

Collaborations with local community partners for naloxone training and other harm-reduction initiatives will foster stronger ties between MSU Denver and the Denver County community, promoting a unified approach to substance misuse prevention.

5. Reduction in Substance Misuse Incidents:

With increased awareness, education, and the availability of sober recreational options, we anticipate a measurable reduction in substance-related incidents during and after MSU Denver events.

6. Enhanced Peer Support Network:

The presence of trained peer support specialists at tailgate events will lead to the establishment of a robust peer support network on campus, providing students with accessible resources and guidance.

7. Positive Feedback and Engagement:

Through post-event surveys and feedback mechanisms, we expect to receive positive feedback from students regarding the tailgate events, indicating their appreciation for sober recreational options and the educational components provided.

8. Sustainability and Expansion:

The success of this program will pave the way for its continuation in subsequent years and potential expansion to other sporting or university events, amplifying its impact and reach.

In conclusion, SAFE's program aims to bring about a positive shift in student attitudes towards substance use, empower them with life-saving skills, and foster a culture of sober recreation and peer support. The ripple effects of this program are expected to benefit not just the students but the broader Denver County community, creating a safer and more informed environment for all.

Measuring Progress:

Program Approach to Evaluation & Collecting Data:

1. Surveys:

Event surveys will be distributed to all attendees to gather feedback on their experience, the perceived impact of the event, and suggestions for improvement. These surveys will be both quantitative (Likert scale questions) and qualitative (open-ended questions).

2. Logs:

Attendance logs will track the number of participants at each tailgate, and resource distribution logs will monitor the number of naloxone kits distributed and training sessions attended.

Instruments to Measure Change:

1. Participant Surveys:

Customized questionnaires will be developed to gauge participants' experiences, knowledge gain, and behavioral intentions post-event. These surveys will include questions for quantitative analysis and open-ended questions for qualitative insights.

2. Attendance Logs:

These logs will track the number of participants at each event, allowing us to measure reach and engagement over time.

3. Resource Distribution Logs:

We will maintain records of the number of harm-reduction resources and naloxone kits distributed during each event. This will help quantify our direct impact in terms of resources provided to the community.

4. Feedback Forms:

These forms will be available at each event for participants to provide immediate feedback on sessions, resources, and overall event experience.

5. Community Partner Feedback Forms:

Collaborative partners and local community organizations involved in the program will be provided with feedback forms to share their observations, insights, and suggestions for program enhancement.

How Evaluations Will Be Used:

1. Program Improvement:

The primary use of evaluation results will be to identify areas of strength and areas needing improvement within the program. Feedback on sessions, resources, and overall event experiences will guide refinements to ensure maximum effectiveness and participant satisfaction.

2. Stakeholder Communication:

Evaluation results will be shared with stakeholders, including funders, community partners, and participants. Transparent communication of outcomes reinforces trust and showcases the program's impact and areas of growth.

3. Resource Allocation:

Insights from the evaluation will inform decisions on where to allocate resources more effectively, ensuring that areas with the most significant needs or potential for impact receive adequate attention and support.

4. Scaling and Expansion:

Positive evaluation results can be leveraged to seek additional funding or partnerships, allowing the program to expand its reach and serve a broader audience.

5. Training and Development:

Feedback on the performance of peer support specialists and other staff members will guide training initiatives, ensuring that our team is equipped with the skills and knowledge to excel in their roles.

6. Advocacy and Policy Influence:

Demonstrable success, backed by robust evaluation data, can be used to advocate for policies that support harm-reduction initiatives and peer-driven sober support models at a broader level.

7. Knowledge Sharing:

Evaluation results can be shared with other organizations or entities looking to implement similar programs, contributing to a knowledge base and promoting best practices in the field.

Timeline and Milestones:

1. Pre-Event Planning and Outreach:

Community Engagement:

Our community liaisons will engage with local organizations, especially those serving specific demographics like LGBTQ+, BIPOC, and immigrants. These partnerships aim to ensure our events are inclusive and cater to the diverse needs of the Denver County community.

Logistical Preparations:

The event organizers will secure the necessary permits, coordinate with MSU Denver for venue arrangements, and ensure all required resources, from harm-reduction kits to educational materials, are in place.

2. During the Event:

Peer Support:

Our trained peer support specialists will be strategically positioned throughout the event. They will engage with attendees, share their personal stories, offer immediate support, and guide individuals to relevant resources.

Distribution of Harm-Reduction Kits:

Designated stalls will be set up to distribute naloxone and other harm-reduction materials. Attendees will also receive training on how to use these kits effectively.

Feedback Collection:

Digital kiosks and mobile tablets will be available for attendees to provide real-time feedback on the event, allowing us to make immediate adjustments if necessary.

3. Post-Event Actions:

Data Analysis:

Our evaluation and monitoring team will analyze the data collected, from attendance numbers to feedback forms, to assess the event's impact and areas of improvement.

Community Follow-Up:

Post-event surveys will be sent out to attendees to gather more detailed feedback. Our community liaisons will also engage with partner organizations to understand their perspectives on the event's success.

Refinement for Future Events:

Based on the insights gathered, our team will identify areas of improvement and implement changes for subsequent tailgates.

Promotion of Continuous Support:

Beyond the event, attendees will be encouraged to engage with our digital platforms for continuous support, resources, and updates on future events.

Resource Updates:

As the opioid crisis evolves, we will ensure our resources, especially educational materials and harm-reduction kits, remain updated and relevant.

Through the Sober AF Entertainment Football Tailgates Program at MSU Denver, we aim to foster a supportive, substance-free community environment that not only offers an alternative to traditional event experiences but also equips attendees with the resources, knowledge, and skills to combat the opioid crisis. By the end of the funding cycle, we aspire to see a measurable reduction in substance-related incidents within the university community, an increase in awareness about substance use prevention, and a strengthened network of peer support. Our ultimate goal is to empower 2400+ individuals to make informed choices, promote health equity, and create a ripple effect of positive change throughout Denver County.

Year 1 (2024):

April 1st: Notification of award received Late March 2024.

June 1st: Begin planning 8 events for MSU Denver Fall 2024 program in conjunction with Auraria Recovery Community (ARC) led by Lana L. Lancaster (Program Coordinator of ARC), who will serve as our CRC Graduate Intern to satisfy her internship requirement for her master's program. Begin training Lana on operations in preparation for Fall 2024 and finish outlining major sporting events / student orientation related events during beginning of school year.

July 1st: Secure Q3 events & create flyer / marketing assets along with student resource center on S.AF.E's website & back-linked to ARC's website.

August 1st: Send out club invites to sign up for Q3 events as Peer Care Coordinators, or one of the Event Managers. Also make prospect list for on campus staff supporters to support coming to events, or being part of quarterly feedback meetings. And host first quarterly feedback meeting with team members / volunteers.

September 1st: Complete student orientation (1st Event)

October 1st: Complete 1st sports game (2nd Event)

November 1st: Complete 3rd Event & second quarterly feedback meeting with team members / volunteers.

December 1st: Complete 4th Event & First Bi-Annual Learning Call & Report.

January 1st 2025: Complete First annual report to close 2024.

February 1st 2025: Complete 5th Event & third quarterly feedback meeting with team members / volunteers.

March 1st 2025: Complete 6th Event

April 1st 2025: Complete 7th Event

May 1st 2025: Complete 8th Event & fourth quarterly feedback meeting with team members / volunteers.

May 30th 2025: Complete Second Bi-Annual Learning Call & Report & conclude Year 1 of the program.

Year 1 Final Metrics

Events: 8

Attendees: 800

Naloxone Distributed: 160

Peer Training Hours: 96

Quarterly Meetings: 4

Bi-Annual Reports: 2

FINAL METRICS (Year 1 Final Metrics x 3 Years)

Events: 24

Attendees: 2400

Naloxone Distributed: 480

Peer Training Hours: 288

Is this an expansion or a continuation of an existing program, or is it a new program? New Program

Anticipated Number Served

Projected number of unduplicated Denver residents to be served by the program/project for the requested funding. If this is a multi-year request, enter the total number of unduplicated community members served by the program/project during the entirety of the grant period. We understand this will be your best estimate at this stage in your planning or implementation. (Numerical values only.): 2400

Briefly, is there anything you want us to know about the estimated number served? (NOT REQUIRED)

8 events a year with an average of 100 students/faculty attending each of the 8 events a year x 3 years:

8 events/year x 100 attendees/event x 3 years = 2400 attendees

Population Served:

Breakdown of Audience:

College Students:

This group forms the bulk of our audience. They are at a critical juncture in their lives, often exposed to peer pressures related to substance use. Our program aims to provide them with a safe, substance-free environment to enjoy events and access resources.

Local Community Members:

Residents of Denver County, especially those affected by the opioid crisis either directly or indirectly, are a significant part of our audience. They benefit from the resources, support, and community engagement our events offer.

During the funding cycle, we anticipate serving approximately 2400 attendees across the 24 events. Here's a breakdown of the services each attendee can access:

1. Peer Support:

Every attendee has the opportunity to engage with trained peer support specialists, offering immediate emotional support, guidance, and personal stories of recovery.

2. Harm-Reduction Kits:

We aim to distribute around 480 naloxone kits during the funding cycle. Along with the kits, attendees receive training on their effective use.

3. Educational Resources:

All attendees can access educational materials on substance use, prevention, and recovery. These resources aim to raise awareness and provide actionable steps for those seeking help.

4. Feedback and Continuous Support:

Attendees can provide real-time feedback during the event and are encouraged to engage with our digital platforms post-event for continuous support and resources.

Are partnerships needed for the proposed work? Yes

What is the status of the partnerships? Partnerships are already established

Describe the partnerships you have established or plan to establish, and what work they are contributing.

The following organizations are our partners that will not be receiving funding but continue to support our initiatives across Denver County.

Association for Recovery For Higher Education (ARHE):

- Working with SAFE's events to expand opportunities for students around sober resources, peer support & harm reduction.

Life Continues Recovery (LCR):

- LCR will help source and develop hired and trained peer support specialist staff to effectively deliver comprehensive harm reduction services.

DEA:

- Supporting their work by providing data and educational tools.

Gay & Sober:

- Provide feedback & resources that are LGBTQ+ mindful & share opportunities to promote collaborative harm-reduction & sober support initiatives during our tour.

McBride Impact:

- Outreach & promote SAFE's harm-reduction & sober support events focused on supporting African American communities.

SAFE Project:

- Working with SAFE's events to expand opportunities for individuals & students around sober resources, peer support & harm reduction.

Shatter Proof:

- Working with SAFE's events to expand opportunities for individuals & students around sober resources, peer support & harm reduction.

Tribe Recovery:

- Outreach & promote SAFE's harm-reduction & sober support events focused on supporting Latinx communities.

Will any partner organizations receive funding from this grant? Yes

If partner organizations will receive funding from this grant, provide a list of these organizations. Please provide a list with no narrative. Use the full names of the organizations with no abbreviations or acronyms.

Auraria Recovery Community (ARC) will provide the following support:

1. Partner with S.AF.E on 8 events during the each year grant program over 3 years.
2. At each event hosted by S.AF.E, we will provide them locations on campus or alongside high student engagement events on campus, e.g. Student Orientation.
3. Allow S.AF.E to create job opportunities on campus to employ:
1 Graduate Intern (S.AF.E Rate: 10/hr per week @ 25/hr X 36 Weeks)
4. At each event hosted by S.AF.E, we will provide them students & faculty from various departments/clubs:
2 Event Leads to help manage each event (S.AF.E Rate: 2 Leads working 3/hr per event @ 20/hr)
4 Event Peer Care Coordinators from the Psych Club or Social Work Club to provide peer specialist at each event (S.AF.E Rate: 4 Peers working 3/hr per event @ 20/hr)
1 Faculty Member serving as the ARC Opioid Overdose Response Trainer in partnership with SAFEProject and The HCA has narcan, fentanyl testing strips & drink testing kits at each event (S.AF.E Rate: 1 Trainer working 1/hr per event @ 50/hr)

MSU Denver will provide the following support:

1. Partner with S.AF.E on 8 events during the each year grant program, which will be a total of 24 events over 3 years.
2. At each event hosted by S.AF.E, we will provide marketing support for all events open to the public on campus via newsletter features.

Both ARC & MSU Denver will help refine the model with S.AF.E to create revisions based on feedback of our community members.

This field will appear in public documents and is intended to be concise.

Challenges:

The population served for this grant does not include people presenting for or receiving treatment, however, it does include attendees at various events who will receive harm-reduction services or training and peer-support, and will likely discuss their drug use history or current activities. Therefore, potential risks associated

for the attendees involved in the events funded by this study are minimal but possible and are detailed below. Additionally, the risks to staff are also minimal but described below.

Attendee Risks:

Physical/Medical Risk:

It is possible that an attendee could be injured by a fall or slip, however, this risk is not any greater due to participation in the events.

Psychological/Social Risks:

Attendee Discomfort or Perceived Pressure to Accept Peer-Support or Harm-Reduction Training and Products

- Attendees may have concern regarding participating in the very brief proposed training funded by this grant. For example, they may want overdose reversal medications or safe sex kits, but may not want to engage in the brief training (2-10 minutes) around these materials. With the idea that having these materials without training is better than not having them at all, we will still provide the kits and overdose reversal medication to those not wanting to stay for training.

Anonymity:

Attendees may be concerned about others seeing them participating in harm-reduction efforts however, there are other reasons for them to be at the events such as supporting a friend, learning about prevention, obtaining overdose-reversal medication, etc. Therefore, we do not expect this to be a significant risk.

Legal Risks:

We are not aware of any legal risks to attendees. This is a sober-friendly event and while we will provide harm-reduction materials, the use of substances at the SAFE event are not tolerated.

If you would like to, provide a link to a video (YouTube, Facebook, your website, etc.) about the proposed project or your organization. [NOT REQUIRED]

https://www.youtube.com/channel/UCK_vlWQtYkuW-45fkj5EQA

What else would you like us to know that was not addressed in the other questions? [NOT REQUIRED]

Our media & press strategy has become way more ironed out and effective and would love for your team to check out the the speaker & promo videos we have accumulated:

https://www.youtube.com/channel/UCK_vlWQtYkuW-45fkj5EQA

Other Tools/Resources:

1. Resources

Harm-Reduction Kits:

We have secured a stockpile of harm-reduction kits, including naloxone, to distribute during our events. These kits are essential in providing immediate assistance in the event of an overdose.

Educational Materials:

Comprehensive literature on substance abuse prevention, the benefits of sobriety, and local support resources will be available for attendees.

Promotional Materials:

To maximize outreach and attendance, we have designed promotional materials such as flyers, banners, and digital ads tailored for various platforms.

2. Tools

Digital Platforms:

Our organization utilizes a robust digital infrastructure, including a website and mobile app, to provide information, accept registrations, and offer virtual support.

Feedback Mechanisms:

We employ digital surveys and feedback forms to gather attendee insights, helping us refine and improve subsequent events.

Data Analytics:

Advanced data analytics tools help us monitor event attendance, engagement levels, and the effectiveness of our outreach campaigns.

3. Staffing

Peer Support Specialists:

Trained individuals, many of whom have lived experience with substance abuse, will be present to offer support, share their stories, and guide attendees towards relevant resources.

Event Organizers:

A dedicated team is responsible for the logistical aspects of the event, ensuring smooth operations from setup to teardown.

Community Liaisons:

These individuals foster relationships with local organizations, community leaders, and other stakeholders to enhance the program's reach and effectiveness.

4. Collaborative Partnerships

Local Community Organizations:

We have established partnerships with local organizations that cater to specific demographics, ensuring our events are culturally sensitive and relevant.

Educational Institutions:

Our partnership with MSU Denver and other educational entities ensures we can effectively target the student population, a crucial demographic for our program.

Electronic versions of these requested documents must be uploaded individually. PDF, Word and Excel formats are preferred, but image files are also accepted. Click the plus signs (+) in each section below to select your computer files to upload.

View our **Requested Documents video** for samples and further explanation of these documents.

If you have questions about these documents, please reach out to Grants and Operations Manager, Tish Gonzales, at grants@caring4denver.org or 720.647.6375. Email is the quickest option.

Ensure that these characters are not in the name of your file. The system will prohibit files that contain these characters in the file name/document name: &\$@=;,:?+%'"><~#| and two or more consecutive blank spaces

Budget Documents for Your Grant Request

1. Line-Item Budget Form – Revenue and expenses for project/program for which you are requesting funding. Find and download the required **Line-Item Budget Form template** [here](#), update with your figures, save, then upload your file below. Please be clear about expenses/work planned for the organization versus expenses/work that will be passed through to a contractor or partner to implement the work. There is a specific line item for you to show contractor, consultant, and/or partner expenses, if any.

2. Budget Narrative – This document (3-page maximum) needs to include explanations of each line item you have included in your Line-Item Budget Form. Provide a brief justification for each line item included in your budget. Only include funds requested from Caring for Denver, rather than the entire program budget. Refer to this **budget narrative sample** for an idea of what we are seeking. Be sure to list key staff (as described below).

Direct Costs

- **Personnel** – The personnel line item is for your organization's employees' salaries, benefits, and/or fringe. For personnel/staff (FTE), include position/title (names are not necessary), salary, and other personnel costs (sometimes referred to as "fringe" costs, other personnel costs can include benefits, payroll taxes, etc.). Do not include payments to non-employees (contractors, consultants, and/or partners) here--list them in the Other Costs section below. Personnel/staff complete a Form W2 when your organization hires them and receive a Form W4 during tax time. *List key staff* overseeing or contributing to this grant work. Include their title, what percent of their time will be devoted to the proposed work, and a brief description of how they will contribute to that work. May include existing staff to oversee and/or work on the proposed project, with justification for the percent of their time charged to the grant. If a staff member will oversee or contribute to the grant work, but you are not requesting funding for them, please include them in the Personnel narrative but state that their work is in-kind or funded by other revenue sources. If you are requesting personnel costs for more than one year, you may include reasonable increases for cost-of-living

adjustments and merit-based raises (remember to adjust the Other Personnel Costs including benefits accordingly).

- **Program Supplies and Equipment** – Describe what they are, why they are needed, and how you determined costs.
- **Meeting Costs** – Provide a breakdown of any included costs such as space rental, audiovisual equipment and operation, food, etc.
- **Travel Costs** – Provide a breakdown of any included costs such as mileage, airfare, vehicle rental, accommodation cost, per diem for staff traveling, etc.
- **Other Program-Related Costs**

Other Costs

- **Contractors, Consultants, and/or Partners** – Describe the work these non-employees will be doing for your organization specific to your proposed project and include their hourly rate or fixed price they have agreed upon with your organization. Contractors complete a Form W9 when they are hired and receive a Form 1099 at tax time. If some or all contractors, consultants, and/or partners have not yet been selected or confirmed, please share your anticipated timeline. Expenses like staff and supplies paid by contractors, consultants, and/or partners can be listed here.
- **Indirect Costs** – Indirect Costs, sometimes referred to as “overhead”, includes the costs of doing business that are not necessarily directly tied to grant activities but are necessary for the operation of the organization that runs the program/project. If requested, these are limited to a maximum of 15% on Direct Costs (not on the Contractors, Consultants, and/or Partners line item) when combined with the Fiscal Sponsor's Fee (if requested).
- **Fiscal Sponsor's Fee (if applicable)** – If you are using a fiscal sponsor, you may include a fiscal sponsor's fee in your budget. This amount is capped at 15% on Direct Costs (not on the Contractor's Consultants, and/or Partners line item) when combined with the Indirect Costs.

There is no category for construction or similar because we are not accepting requests for facilities support at this time.

Financial Documents for Your Organization

3. Current Annual Operating Budget – Revenues and expenses for your organization's current fiscal year. If you have a fiscal sponsor, please upload your own organization's current annual operating budget.

4. Income and Expense Statement – Include an Income and Expense Statement through the most-recently closed month of the current fiscal year (e.g., if you are applying in April, the Income and Expense Statement would be dated March 31). Also called a Profit and Loss Statement or Statement of Financial Performance, this document shows the organization's income and expenses for a particular period. If you have a fiscal sponsor, please upload your own organization's income and expense statement.

5. Balance Sheet – Include a Balance Sheet through the most-recently closed month of the current fiscal year (e.g., if you are applying in April, the Balance Sheet would be dated March 31). Also called a Statement of Financial Position, this document shows the organization's assets and liabilities as of a particular date. If you have a fiscal sponsor, please upload your own organization's balance sheet.

6. Year-End Financial Statements

- We require Year-End Financial Statements for the **last two fiscal years** (these will often be two separate documents). Depending on your organization's individual situation, these may be Audited Financial Statements, a Financial Review, or un-audited year-end financial statements. Please note that we do not need your Form 990. Read below to determine which applies to you and what to submit:
- If your organization undergoes an annual financial audit, please submit your Audited Financial Statements for the last two fiscal years. The Audited Financial Statement includes an examination of the organization's financial statements and accompanying disclosures by an independent auditor. If your audit is not rated 'unqualified' by your independent auditor, please include an uploaded document with an explanation of any qualifications to the audit that the auditor identified.
- If your organization undergoes an annual financial review (rather than an audit), please submit your Financial Reviews for the last two fiscal years. The financial review includes an examination of the organization's financial statements and accompanying disclosures by an independent accounting firm.
- If your organization does not undergo an annual audit or a financial review, provide your year-end financial statements (Income and Expense Statements as well as Balance Sheets) for the last two fiscal years.
- If you have a fiscal sponsor, upload your own organization's year-end financial statements for the last two fiscal years. We are also requesting your fiscal sponsor's year-end financial statements (see below).

Click the plus signs (+) below to select your computer files to upload.

Once uploaded, the files are stored in the Request Documents section below.

Other Documents

7. Other Documents – If there are other documents that you feel are important for us to understand your project/program, upload as an “Other Document”. Please note that we do not need annual reports or letters of support. [NOT REQUIRED]

Click the plus signs (+) below to select your computer files to upload.

Once uploaded, the files are stored in the Request Documents section below.

Financial Documents for Your Fiscal Sponsor (if applicable)

If your organization has a fiscal sponsor, upload these documents:

8. Fiscal Sponsor's Year-End Financial Statements – We require Year-End Financial Statements for the last *two* fiscal years (these will often be two separate documents) for both your organization *and* your fiscal sponsor's organization. Depending on your fiscal sponsor's individual situation, these may be Audited Financial Statements, a Financial Review, or un-audited year-end financial statements. Please read below to determine which applies to your fiscal sponsor and what to submit:

- If your fiscal sponsor undergoes an annual financial audit, please submit their Audited Financial Statements for the last two fiscal years. The Audited Financial Statement includes an examination of the fiscal sponsor's financial statements and accompanying disclosures by an independent auditor. If the fiscal sponsor's audit is not rated 'unqualified' by their independent auditor, please include an uploaded document with an explanation of any qualifications to the audit that the auditor identified.
- If your fiscal sponsor undergoes an annual financial review (rather than an audit), please submit their Financial Reviews for the last two fiscal years. The financial review includes an examination of the fiscal sponsor's financial statements and accompanying disclosures by an independent accounting firm.
- If your fiscal sponsor does not undergo an annual audit or a financial review, provide their year-end financial statements (Income and Expense Statements as well as Balance Sheets) for the last two fiscal years.

9. Executed Fiscal Sponsorship Agreement – If your organization has a fiscal sponsor, please provide the fiscal sponsorship agreement that defines the roles and responsibilities of both the Fiscal Sponsor and the Organization. If you need a fiscal sponsor but do not have one yet, you may submit a grant application, but you will need to have a formal agreement with a fiscal sponsor and submit a copy of that agreement before any grant award is final.
