

KEY PERSONNEL: SALARY & BENEFITS					
Name	Role	Salary	Effort (%)	Fringe (%)	Total Cost
	Experience: Daniel "Duke" Rumely, the Executive Director of Sober AF Entertainment, however, due to the small size of the organization and his dedication to the mission of his company, he has been hands-on at almost all of the 233 events SAFE has previously delivered, and will continue to fill that role as both Founder and implementer. Duke's prior work in the treatment and recovery field (12+ years) included working as an interventionist, an alumni manager, and marketing director. He has been in long-term recovery for 30+ years. Role Description: The Project Director will oversee the overall implementation of the project, including strategic planning, program development, budget management, and coordination with partner organizations. They will ensure compliance with project requirements, oversee staff, and facilitate collaboration among stakeholders. Qualifications: The Project Director holds a Bachelor's degree in Business Administration and Management, or a related field, has extensive experience in substance misuse prevention, and a strong background in project management. They have successfully led similar projects in the past, demonstrating expertise in program planning, evaluation, and partnership development. They have experience working with diverse populations and possess cultural competence in addressing the needs of the population(s) of focus. Level Of Effort (FTE): 0.3 Payroll Taxes: 7.65% Workers Compensation: 0.50% Medical Stipend (\$400/month - Pro-Rated for Part-Time): 7.40%				
Daniel Rumely - Program Director		\$ 85,000	30%	15.55%	\$29,465.25
	Experience: Louis Piotti manages all event logistics, digital marketing, and data reporting for Caring For Denver, CDPHE, Signal Behavioral Health, The Cohen Foundation, and all other grants. He has an MBA and an extensive background in data management, as well as festival & event management, mental health, recovery & social impact programs, and grassroots community building. He will be responsible for the fidelity of procedures implemented, including the recruitment processes, training sessions, data collection and will provide support to the Project Director, Prevention Specialist, and Program Manager in preparation of reports, presentations and publications. Role Description: The Data Analyst will be responsible for collecting, analyzing, and interpreting data related to the project's goals and objectives. They will develop data collection tools, monitor project progress, and prepare reports to evaluate the effectiveness of prevention interventions. They will also support data-driven decision-making and provide recommendations for program improvements. Qualifications: The Data Analyst holds a Bachelor's degree in Statistics or a related field and has extensive experience in data analysis and evaluation. They have a strong understanding of substance misuse prevention research methodologies and possess advanced skills in statistical analysis software. They have previous experience working with population-level data and are knowledgeable about best practices in program evaluation Level Of Effort (FTE): 0.20 Payroll Taxes: 7.65% Workers Compensation: 0.50% Medical Stipend (\$400/month - Pro-Rated for Part-Time): 7.40%
